

114 CONSENT DECREE

TABLE OF CONTENTS

I.	Jurisdiction and Venue.....	4
II.	Applicability	5
III.	Factual Background	6
IV.	NOx Emissions Reduction from Heaters and Boilers.....	7
	A. Initial Inventory, Annual Update, and Compliance Plan for Valero Refineries	8
	B. Interim Emission Reductions and Timeframes for Valero Refineries.....	9
	C. Final Emission Reductions and Deadlines for Valero Refineries.....	10
	D. Benicia Refinery	11
	E. Compliance Demonstration	13
	F. Monitoring Requirements	15
	G. Golden Eagle Refinery.....	16
	H. Additional Provisions.....	18
V.	NOx Emissions Reduction from FCCUs	18
	A. Golden Eagle.....	18
	B. Houston and Texas City.....	19
	C. Paulsboro.....	19
	D. St. Charles	20
	E. Wilmington	20
	F. Additional Requirements at Paulsboro, St. Charles or Wilmington	20
	G. FCCU and Corpus Christi West HOC NOx Emission Reductions.....	21
	H. Additional Provisions.....	27
	I. CEMS.....	28
VI.	SO ₂ Emission Reductions from FCCUs and McKee Sulfuric Acid Plant.....	30
	A. Ardmore	30
	B. Benicia	31
	C. Corpus Christi East, Denver, and Wilmington	32
	D. Corpus Christi West.....	33
	E. Three Rivers.....	33
	F. Houston	34
	G. Krotz Springs	34
	H. McKee.....	34
	I. Paulsboro.....	35
	J. St. Charles	35
	K. Texas City	35
	L. Golden Eagle.....	35
	M. Additional Provisions.....	36
	N. Monitoring Emissions and Demonstrating Compliance	43
VII.	CO, Opacity and Particulate Emissions from FCCUs	45
VIII.	NSPS Applicability to SO ₂ Emissions from FCCU Regenerators	50
IX.	SO ₂ and NSPS Requirements for Heaters and Boilers	53
X.	Benzene Waste NESHAP Program Enhancements	57
	A. Compliance Status and Schedule	57
	B. Refinery Compliance Status Changes.....	60

TABLE OF CONTENTS CONTINUED

C.	One-Time Review and Verification of Each Refinery's TAB and, as Applicable, Each Refinery's compliance with the Appropriate Compliance Options.....	60
D.	Implementation of Corrective Actions.....	63
E.	Carbon Canisters.....	65
F.	Annual Program	70
G.	Laboratory Audits	70
H.	Benzene Spills.....	71
I.	Training.....	72
J.	Waste/Slop/Off-Spec Oil Management	73
K.	End of Line Sampling	75
L.	Miscellaneous Measures	77
M.	Recordkeeping and Reporting Requirements for this Part	80
N.	Agencies to Receive Reports, Plans and Certifications Required in the Paragraph; Number of Copies.....	83
XI.	Leak Detection and Repair (“LDAR”) Program Enhancements	83
A.	Introduction.....	83
B.	Written Refinery – Wide LDAR Program	84
C.	Training.....	85
D.	LDAR Audits	86
E.	Implementation of Actions Necessary to Correct Non-Compliance	88
F.	Retention of Audit Reports	88
G.	Internal Leak Definition for Valves and Pumps	89
H.	Reporting, Recording, Tracking, Repairing and Remonitoring Leaks of Valves and Pumps Based on the Internal Leak Definitions	90
I.	Initial Attempt to Repair on Valves	90
J.	LDAR Monitoring Frequency.....	91
K.	Electronic Monitoring, Storing, and Reporting of LDAR Data.....	93
L.	QA/QC of LDAR Data	93
M.	LDAR Personnel.....	94
N.	Adding New Valves and Pumps	94
O.	Calibration/Calibration Drift Assessment.....	94
P.	Chronic Leakers	95
Q.	Delay of Repair	95
R.	Recordkeeping and Reporting Requirements for this Part	97
S.	Agencies to Receive Reports, Plans and Certification Required in this Part XI: Number of Copies	99
T.	Excluded Equipment.....	100
U.	New Monitoring Technologies	100
XII.	Program Enhancements Re: NSPS Subparts A and J SO ₂ Emissions from Claus Sulfur Recovery Plants (“SRP”) and Flaring.....	101
A.	Definitions.....	101
B.	SRP NSPS Subparts A and J Applicability.....	105
C.	Flaring Devices – NSPS Applicability	112
D.	Investigation and Reporting	116
E.	Corrective Action.....	119
F.	AG Flaring and Tail Gas Incidents and Stipulated Penalties.....	121

TABLE OF CONTENTS CONTINUED

G.	Miscellaneous	124
H.	Stipulated Penalties Under this Part.....	127
I.	Certification	130
J.	Flare Gas Recovery Systems	131
XIII.	St. Charles Program and Refinery Audits.....	132
A.	St. Charles Program	132
B.	NSPS QQQ Audits.....	133
C.	Refinery MACT I Audits	135
D.	Mobile Source Program	137
XIV.	Permitting.....	137
XV.	Emission Reduction Credits.....	141
A.	Generating NOx and SO2 Emission Credits	143
B.	Using NOx and SO2 Emission Credits and Offsets	143
XVI.	General Recordkeeping, Record Retention and Reporting.....	148
XVII.	Penalty.....	150
XVIII.	Reserved.....	152
XIX.	Supplemental/Beneficial Environmental Projects	152
A.	Facility/Community-Specific Supplemental/Beneficial Environmental Projects.....	152
B.	Truck and Vehicle Emission Reduction SEPs	154
C.	General Project Requirements	157
XX.	Stipulated Penalties	159
XXI.	Right of Entry	170
XXII.	Force Majeure	170
XXIII.	Dispute Resolution.....	173
XXIV.	Effect of Settlement	175
XXV.	Termination.....	183
XXVI.	General Provision.....	187
	Summary of Attached Appendices	206
